## GLASS CONCEPTS

**WE PROVIDE ENDLESS SOLUTIONS  
TO MAKE YOUR IMAGINATION  
COME TRUE...**

Ever since its arrival in the year 1996. Glass Concepts has revolutionized the city of Visakhapatnam with its electrifying concepts, innovative designs and the willingness to go the extra mile in meeting a customer's demanding needs on any matter pertaining to your dream windows, doors, partitions and railings.

Starting with next gen Aluminium door and windows, UPVC doors and windows, Glass Railing and frameless partitions. Glass Concepts now boasts an array of choices that has brought discerning clients to its door....and enthusiastic architects and interior designers looking for more.

In its quest for perfection, Glass Concepts has invested deeply both in people and infrastructure, importing the world class systems, so that flair for craftsmanship is not compromised by shortcomings in technology.

So go ahead folks! come to our live experience center to feel the same and satisfy yourself. Wanna lay your dream take wings .... We promise to give your dreams a touch of class with our brand new products.

S-Grip has been a pioneer in SS and aluminium glass railing systems. These seamless railing systems grab the attention at the instant due to its simple elegant designs. These systems are made of SS- 304,316 and Alloy Aluminium. One of the speciality of these railing systems are that irrespective of the price range the strength aspect is distributed equally.

A leading manufacturer in uPVC doors and windows that provides end to end solutions, which is certified in terms of eco friendliness and high product quality. The company has product range which includes:- Sliding, Casement, Villa Windows, Sliding Folding Partitions etc.

Dorma is a leading player in technology and design of architectural hardware with its presence in 47 countries all over the world. They provide frameless partitions like telescopic, synchro sliding, foldable doors, shower enclosures, spider elevation glass, wooden door hardware and Sensor door Systems.
